

Software Engineering for Self-Adaptive Systems

- SEAMS symposium series
 - co-located to ICSE
- Two roadmap papers
 - 1st roadmap paper (2009)
 - presented at SEAMS 2008
 - modelling, requirements, engineering and assurances
 - draft of the 2nd roadmap paper (2011)
 - presented at SEAMS 2011
 - design spaces, processes, decentralisation and V&V
 - <http://www.self-adaptive.org/dagstuhl-seminar/roadmap-paper-10431-draft/>
- Book containing a collection of papers - LNCS 5835, and another in the process of being concretised....
